

# Online Dating Tips for Beginners

## Know what you are searching for

Ideally, for the very first time, you should understand what are you looking for in a dating app. A friend? or a spouse? just want to meet random interesting people? or just want a date?. Choosing the purpose is fundamental and affects the whole other things.

## Create an interesting profile and show your best photo

It's also important to write your profile as interesting as possible to make a good first impression. Short and simple, long and comprehensive, it's all up to you and your personality. Show your face, you can also add photos when you are doing your hobby.

## Start spreading messages and be nice

You can initiate with interesting opening conversation. It will boost the chance for you to be replied to. But, make sure to respect them. Do not force the conversation if you are already given the signs of rejection.

## Try to meet up when both of you feel comfortable

After you found the right one and things going on so well, why not meet him/her in a real life. Brace yourself and give it a try. Good luck.
